RESPONSE TO NOTICE REGARDING DRAWINGS

Sir:

In response to the Notice Regarding Drawings in connection with the above-identified patent application, Applicants enclose herewith:

1. A copy of the Notice Regarding Drawings dated July 7, 2005;
2. Replacement Sheets for Figures 1-10 (seven drawing sheets in total); and
3. A stamped, self-addressed postcard to be returned to the undersigned upon receipt of the aforementioned documents.

In addition to this Response, Applicants would like to point out that the above-identified patent application has already issued and printed as United States Patent 6,933,636. Applicants received the Notice Regarding Drawings and were given a two-month time period in which to correct informalities identified in Form PTO-948 (attached to the Notice). However, during the process of correcting the drawings, Applicants received the printed patent for the above-identified patent application incorporating the very same drawings objected to by the Notice Regarding Drawings.

Applicants spoke with the Examiner, the Office of Patent Publications and a Draftsperson. However, Applicants have not yet been provided with a clear explanation as to the consequences of submitting the aforementioned replacement sheets for Figures 1-10 after the patent has printed. In order to avoid any inadvertent abandonment of the application or any other potential issues with the corresponding patent, Applicants are submitting the enclosed replacement drawings as required by the Notice Regarding Drawings. However, Applicants respectfully request an explanation of the effect of the replacement sheets for Figures 1-10 on the already printed patent and future copies of the patent document.

Respectfully submitted,
